

Action taken report of Jal Pakhwada

From April 16th- 30th 2024, GHSS-Tizit hosted the Jal Pakhwada as part of the "Jal Shakti Abhiyan: Catch the Rain" campaign. During this period, teachers actively engaged students in various activities to emphasize the importance of water conservation, both at school and in their homes.

GHSS-Tizit (April 16 - 30, 2024)

April 16, 2024

Event: Inaugural Ceremony

Activities: Introduction to the Jal Pakhwada campaign, guest lectures on the importance of water conservation.

Outcome: Raised awareness among students and staff about the upcoming activities and goals.

April 17, 2024

Event: Poster Making Competition & Essay Writing Competition

Activities: 1. Students created posters highlighting water conservation techniques.

2. Students wrote essays on "The Importance of Water Conservation."

Outcome: Enhanced creativity and understanding of water conservation among students.

April 18, 2024

Event: Tree Plantation Drive

Activities: Planting of trees around the school.

Outcome: Increased greenery and awareness of the role of trees in the water cycle.

April 19, 2024

Event: Water Audit of School

Activities: Teachers and students audited water usage in the school.

Outcome: Identified areas for reducing water wastage.

April 20, 2024

Event: Cleanliness Drive

Activities: Campus cleaning and checking for water leakage points.

Outcome: Cleaner environment and reduced water wastage in the school premises.

April 22, 2024

Event: Rainwater Harvesting Workshop

Activities: Demonstration and installation of a small rainwater harvesting model.

Outcome: Practical knowledge about rainwater harvesting techniques.

April 23, 2024

Event: Group Discussion

Activities: Students discussed various methods to conserve water at home.

Outcome: Exchange of ideas and better understanding of practical water conservation methods.

April 24, 2024

Event: Quiz Competition

Activities: Quiz on water conservation facts and practices.

Outcome: Increased knowledge retention among students.

April 25, 2024

Event: Film Screening

Activities: Screening of documentaries on water scarcity and conservation.

Outcome: Visual impact on students about global water issues.

April 26, 2024

Event: Model Making Competition

Activities: Creation of models demonstrating water conservation techniques.

Outcome: Enhanced practical skills and innovative thinking.

April 28, 2024

Event: Community Outreach

Activities: Students conducted awareness drives in local communities.

Outcome: Spread awareness beyond the school, engaging the local community.

April 29, 2024

Event: Interactive Session with Experts

Activities: Experts shared insights on sustainable water management practices.

Outcome: Gained advanced knowledge and strategies for water conservation.

April 30, 2024

Event: Closing Ceremony

Activities: Distribution of prizes to competition winners, recap of activities.

Outcome: Celebrated student participation and reinforced the importance of continued water conservation efforts.

Each day's activities were designed to engage students, staff, and the community in meaningful ways, promoting the overall goal of water conservation under the Jal Shakti Abhiyan campaign.
